**FAUNISTIC RECORDS FROM THE CZECH REPUBLIC – 321**

---

**Hymenoptera: Crabronidae**

***Crossocerus guichardi*** Leclercq, 1972. Moravia mer., Břeclav (7267), 1973, e. l. [probably reared from branch of *Quercus* or *Populus*], 2 ♂♂, R. Bláha leg., M. Říha det. et coll. This species was previously known only from France (Leclercq 1972) and Italy (Pagliano & Negrisolo 2005). Dollfuss (2006) published the first record from the Czech Republic (Moravia, Vyškov, 9.v.1974, 1 ♂). Bitsch & Leclercq (2009) repeat this record. However, this species was not listed in the checklist of Spheciformes of the Czech Republic (Vepřek & Straka 2007). Correction of the checklist, and confirmed occurrence in the Czech Republic.

BITSCH J. & LECLERCQ J. 2009: Complément au volume 1 des Hyménoptères Sphecidae d'Europe occidentale (Faune de France 79). *Bulletin de la Société Entomologique de France* **114**: 211–244. – DOLLFUSS H. 2006: The Crabroninae wasps of “Biologiezentrum Linz” – collection in Linz, Austria, (Hymenoptera, Apoidea, Crabronidae), Part 2. *Linzer Biologische Beiträge* **38**: 505–532. – LECLERCQ J. 1972: *Crossocerus* (*Neoblepharipus*) *guichardi* n. sp. Crabronien trouvé en Provence. *Bulletin de la Société Entomologique de Mulhouse* **1972**: 7–10. – PAGLIANO G. & NEGRISOLO E. 2005: *Fauna d'Italia. Hymenoptera Sphecidae*. Edizioni Calderini, Bologna, 559 pp. – VEPŘEK D. & STRAKA J. 2007: Apoidea: Spheciformes (kutilky). Pp. 191–239. In: BOGUSCH P., STRAKA J. & KMENT P. (eds): Annotated checklist of the Aculeata (Hymenoptera) of the Czech Republic and Slovakia. Komentovaný seznam žahadlových blanokřídlých (Hymenoptera: Aculeata) České republiky a Slovenska. *Acta Entomologica Musei Nationalis Pragae*, **Supplementum 11**: 1–300.
